

Go for Gold!

ENERTITE® G Open-cell Spray Polyurethane Foam Insulation

ENERTITE® G is a low-density open-cell SPF insulation, formulated to meet GREENGUARD Gold standards. This certification provides stricter criteria including safety for sensitive individuals (such as children and the elderly) and ensures the product is acceptable for use in school and healthcare facilities.

Installation and Product Performance Benefits:

- Ease of setup and processing
 - No need for mixing or agitation on the B-side
- Wide processing window
 - No need for recirculation of any kind
- Adheres well to itself
- Easy removal from floors
- Fast reaction, does not drip or “rain” from overhead
- Easy sprayability
- Faster re-entry time

Product Qualifications:

- GREENGUARD Gold certification
- Low-VOC, lower odor after application
- Higher coverage rates possible – 17K to 20K bd. ft.
- Easy to achieve uniformity and target thicknesses

Applications:

- Homes
- Schools
- Hospitals
- Office buildings
