

Go for Gold!

ENERTITE® G Open-cell Spray Polyurethane Foam Insulation

ENERTITE® G is a low-density open-cell spray polyurethane foam (SPF) insulation, formulated to meet GREENGUARD Gold standards. This means stricter criteria including safety for sensitive individuals (such as children and the elderly) and ensures the product is acceptable for use in school and healthcare facilities. By using our spray foam insulation technology that expands in place to fill gaps and spaces, you can create a better indoor air environment while reducing energy costs.

Why Choose ENERTITE® G?

- GREENGUARD Gold certification
- Low-VOC, low environmental impact
- R-value of 3.7 – 3.9 per inch
- Improve indoor air quality
- Save energy and improve comfort
- Create a more airtight, quiet building

Applications:

- Homes
- Schools
- Hospitals
- Office buildings
- Multi-family housing
- Lodging
